Greenwood to Celebrate 165th Birthday Aug. 8

The Town of Greenwood will be commemorating its 165th birthday on Saturday, Aug. 8, with a homecoming celebration. Plans by the Greenwood Historical Society include a full day of activities in Locke Mills. Beginning at 10 a. m., exhibits of antiques, photographs, and paintings by local artists, both past and present, will be at the Historical Building and the schoolhouse, and the Firemen's Auxiliary will hold a flea market at the Ekco parking lot. Food, crafts and a large variety of items will be on sale throughout the day.

A musical entertainment by the Royers and others from 4 to 5:30 will precede a public baked bean supper served at the Union Church.

The celebration will conclude with an old fashioned dance from 8 p. m. to 12 at the American Legion Hall, with music furnished by Wright's Orchestra.

Participants will have a good vantage point anywhere along the pond. Come and cheer on your favorite canoeist!

HERITAGE PARADE AUG. 1

The Indian Raid '81 committee has announced that floats in the August 1 parade will assemble on Vernon Street at 9:15 a. m. to be judged before the parade starts so that spectators will know the winning floats as the parade passes by.

The parade route from Vernon St. is up Main St., down Church St., along Railroad St., up lower Main St. to Vernon St. where the parade will disband—except for three winning floats which will proceed up Main St., to the Common where the prizes will be presented.

A rain date of Sunday, Aug. 2, has been set for the Heritage Parade.

CANOE RACES AUG. 1

Songo Pond will be the scene of fun and friendly competition at the Indian Raid canoe races on Saturday, Aug. 1. There will be no entry fee and only recreational canoes will be permitted to enter. Life jackets are mandatory and there will be a patrol boat on hand during the races. There will be four classes, men, women, mixed, and under 15 years of age. Awards will go to the first three finishers in each class.

Registration will start at 11:30 and the races start at 12:45. Spectators will have a good vantage point anywhere along the pond. Come and cheer on your favorite canoeist!

Town Highway personnel are in the process of installing over 100 new regulatory and warning traffic signs in different parts of the community. These new signs were made possible through the State Department of Transportation's Town Way Signing Program whereby the State financed one half the cost of the new signs and posts.

July sewer bills will be mailed this week and residents are reminded that effective with this billing, the rate per 2000 cu. ft. increased from \$34 to \$39. Anyone having questions on their bill should contact the Town Office.

The 1981 tax assessments are nearly complete and it is anticipated that tax bills will be mailed in the early part of August. It should be noted that the Town Office staff has completed the street numbering of all residences and that these numbers will be used in the mailing of tax bills.

PRESIDENT PROCLAIMS FARM SAFETY WEEK JULY 25-31

President Reagan has proclaimed the week of July 25 through 31 as National Farm Safety Week, reaffirming the need for continuing efforts to reduce accident losses that impair agricultural production. The President urges all persons engaged in farming and ranching and all persons and organizations allied with agriculture to redouble their personal and group efforts for farm, home, recreation and highway safety.

Co-sponsored by the National Safety Council and the U. S. Department of Agriculture, Farm Safety Week is supported by many organizations serving agriculture.

The President said: "American farmers and ranchers are at the core of our Nation's economy, providing food not only for our own people, but for millions of others around the world. Yet we must not take the miracle of American agricultural abundance for granted. An unacceptable number of farm accidents cripples people and threatens production. Last year, nearly 400,000 farmers and ranchers were injured or killed in accidents at work, at home, during recreation or on roads."

"Powerful equipment, chemicals and variable working conditions are potential agricultural hazards, but safe work practices, protective equipment and other measures can minimize the risks. Special vigilance by the agricultural community is also necessary to reduce the toll of off-the-job injuries.

The 1981 theme for Farm Safety Week is "Enjoy Life—Safely." As leisure-time accidents are frequently responsible for serious and sometimes fatal injuries, the NSC and USDA are urging people to make safety an integral part of all their leisure activities.

National Farm Safety Week has been held during the latter part of July since 1944. Beginning next year, the annual observance will be moved to the third full week in September. The 1982 dates will be September 19-25 and 1983, September 18-24.

ONLY TWO ON A MOTORCYCLE SAY MAINE STATE POLICE

Motorcycle operators are reminded that there can be no more than two people riding on a motorcycle.

"Troopers enforcing the law are concerned that motorcycle operators seem not to be aware of the passenger riding requirements pertaining to motorcycles, thus an effort is being made to better inform citizens of the law," said Col. Allan H. Weeks, chief of the Maine State Police.

Weeks said Troopers are having to stop motorcycles that are carrying, besides the operator, two passengers—with one of the passengers being a baby or young child.

Maine law (Title 29, sec. 960) states: "...a passenger may ride upon the permanent regular seat if designed for two persons, or upon another seat firmly attached to the rear or side of the operator and provided with foot rests or in a sidecar attached to the motorcycle..."

WALKING WITH JESUS CHRIST

Isn't it wonderful that God didn't send a committee—He sent Jesus!

Yes, He could have sent legions of Angels—that's tens of thousands of His own created heavenly beings. Sometimes He does send Angels—it says so in Hebrews 13: "Do not forget to entertain strangers, for by doing so some people have entertained angels without knowing it."

The Lord God could not send a committee to represent Him—He had to come Himself. The committees already established in old Testament form became so involved in rules and regulations that they took precedence over God's own desire for His people.

Sometimes committees get so powerful they can't rule themselves and that's why Jesus came—to make it plain and simple—as when He says "Come unto Me" and we respond—doing so, He gives to us what we need and can't provide for ourselves—an abundant real life, now for a heavenly eternity.

That great Jewish prophet, Isaiah said as he was inspired by God—"Declares the Lord"—Chapter 55-1. "Come, all you who are thirsty, come to the water, and you who have no money, come, buy and eat!" Vs. 6. "Seek the Lord while He may be found, call on Him while He is near" Vs. 7. "Let the wicked forsake his way and the evil man his thoughts."

Vs. 9. "As the heavens are higher than the earth, so are my ways higher than your ways and my thoughts higher than your thoughts." To read the rest of the Chapter will bring forth a sense of peace and warmth that only Christ can give.

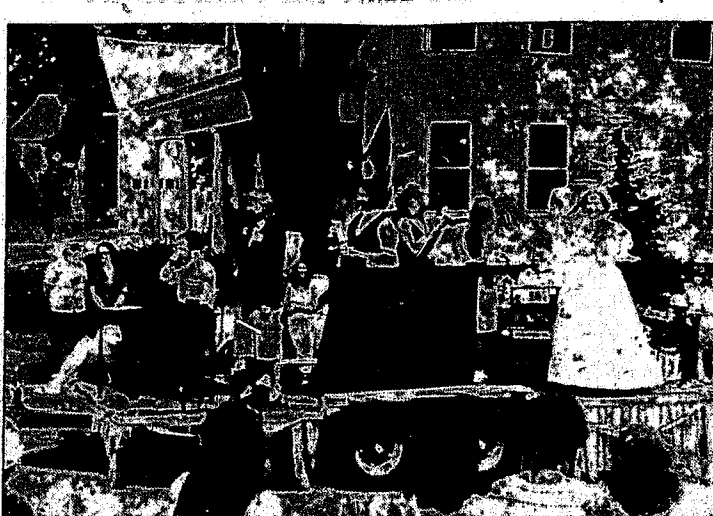

Committees—religious, ecclesiastical bodies of the World even today often formulate such treatise of unknown facts—of worldly confusion as the rabbis taught—"they bring no rest to the soul"—over

Mr. and Mrs. Randy Chretien, Bangor, were guests last week of his parents, Mr. and Mrs. Don Chretien. Jeffrey, who had spent five weeks with his grandparents, returned home to Bangor and Jeremy is now visiting here. Joey Chretien of Gray, is also spending this week with his grandparents.

Letters to the Editor

A Farewell Letter to the Citizens of Bethel:

As the 1st Medical Director of the Bethel Area Health Center I want to thank both the past and present medical board members for working long hours to create, develop and sustain the best rural medical center in all of New England.

I want to especially thank those townspeople who became both my friends and my patients. Hopefully you learned as much from me as I learned from you. I hope I helped those of you who were ill to feel better. And I hope I helped those people who were dying to do so with dignity.

Lastly, I want to thank those people I work with daily—especially Shirley Powell. She has made my work most enjoyable and the health center run efficiently. I will never forget you Bethel.

Sincerely, Steven B. Kraus, M. D.

July 20, 1981

To the Editor: Bitterness is not something that should be justified, so I won't attempt that. Rather let me try to show you my point of view about a matter that's very important to me.

I played music with the "Crays" on Mollyckett Day in the first annual music festival there. It appears to have been a success and I'm very glad about that. My congratulations go out to "Mainstream" and specifically to the bassist Kersey and the drummer whom I don't even know the last name of (sorry); both of whom show every sign of being excellent musicians. As a group, my honest opinion is that Mainstream played well—for beginners. My frustration comes not so much from the fact that we didn't win, as it does from the fact that we couldn't possibly have, considering the, well, unique method of judging that was used. I've been in a number of similar events and can tell you that a panel of impartial judges was always the standard mode of scorekeeping; that is, until now. This revolutionary new system is original, very

flexible, . . . and ridiculous. In short, if I had known before hand what kind of special interest preceded the "competition" I wouldn't have bothered hauling a truckload of equipment up from Portland.

The other point I want to make is that the prize of five hours of recording time in his state-of-the-art studio is extremely generous of Mr. St. Pierre. It seems a shame that it will be non-original material, (i. e., a commercial waste for him), that he'll be recording.

Yours truly, Paul Farrar

A Reminder to Whom It May Concern!

The Legislature in Augusta has just recently passed a bill banning the drinking of liquors in public. Is not Bethel a part of the State of Maine? Why are citizens, be they young or old, allowed to do this in our town?

FIRST MOLLYCOKETT MUSIC FESTIVAL

TERMED SUCCESSFUL

A very successful Western Maine Music Festival, held as part of Mollycokett Day activities, drew a large number of entrants and provided an enjoyable addition to the days program. In spite of stormy weather Saturday afternoon and evening, the competition continued

under the tent on the Common with the following results:

First place for instrumental performance went to Mainstream, a group of local high school students; second was Dick Hanes, Classic Blue Grass; and in third place was The Crayons, a Pop Rock Group. Judged best in the vocal category was Jerry Evans, with Mainstream and Joseph Perham, close second and third. Chosen as best overall was Mainstream. Their prize was a trophy, and a five hour recording session at Outlook Studio in Bethel. Placing second, Jerry Evans, received a trophy, and a two hour recording session at the same studio. Judging was accomplished by polling the audience following each performance.

The Bethel Rotary Club sponsors of this event, was pleased with the response from participants and viewers, and plans to conduct a similar festival next summer on Mollycokett Day.

PRESIDENT PROCLAIMS FARM SAFETY WEEK JULY 25-31

President Reagan has proclaimed the week of July 25 through 31 as National Farm Safety Week, reaffirming the need for continuing efforts to reduce accident losses that impair agricultural producers. The President urges all persons engaged in farming and ranching, and all persons and organizations allied with agriculture to redouble their personal and group efforts for farm, home, recreation and highway safety.

Co-sponsored by the National Safety Council and the U. S. Department of Agriculture, Farm Safety Week is supported by many organizations serving agriculture.

The President said: "American farmers and ranchers are at the core of our Nation's economy, providing food not only for our own people, but for millions of others around the world. Yet we must not take the miracle of American agricultural abundance for granted. An unacceptable number of farm accidents cripples people and threatens production. Last year, nearly 400,000 farmers and ranchers were injured or killed in accidents at work, at home, during recreation or on roads."

"Powerful equipment, chemicals and variable working conditions are potential agricultural hazards, but safe work practices, protective equipment and other measures can minimize the risks. Special vigilance by the agricultural community is also necessary to reduce the toll of off-the-job injuries.

The 1981 theme for Farm Safety Week is "Enjoy Life—Safely." As leisure-time accidents are frequently responsible for serious and sometimes fatal injuries, the NSC and USDA are urging people to make safety an integral part of all their leisure activities.

National Farm Safety Week has been held during the latter part of July since 1944. Beginning next year, the annual observance will be moved to the third full week in September. The 1982 dates will be September 19-25 and 1983, September 18-24.

ONLY TWO ON A MOTORCYCLE SAY MAINE STATE POLICE

Motorcycle operators are reminded that there can be no more than two people riding on a motorcycle.

"Troopers enforcing the law are concerned that motorcycle operators seem not to be aware of the passenger riding requirements pertaining to motorcycles, thus an effort is being made to better inform citizens of the law," said Col. Allan H. Weeks, chief of the Maine State Police.

Weeks said Troopers are having to stop motorcycles that are carrying, besides the operator, two passengers—with one of the passengers being a baby or young child.

Maine law (Title 29, sec. 960) states: "...a passenger may ride upon the permanent regular seat if designed for two persons, or upon another seat firmly attached to the rear or side of the operator and provided with foot rests or in a sidecar attached to the motorcycle..."

WALKING WITH JESUS CHRIST

Isn't it wonderful that God didn't send a committee—He sent Jesus!

Yes, He could have sent legions of Angels—that's tens of thousands of His own created heavenly beings. Sometimes He does send Angels—it says so in Hebrews 13: "Do not forget to entertain strangers, for by doing so some people have entertained angels without knowing it."

The Lord God could not send a committee to represent Him—He had to come Himself. The committees already established in old Testament form became so involved in rules and regulations that they took precedence over God's own desire for His people.

Sometimes committees get so powerful they can't rule themselves and that's why Jesus came—to make it plain and simple—as when He says "Come unto Me" and we respond—doing so, He gives to us what we need and can't provide for ourselves—an abundant real life, now for a heavenly eternity.

That great Jewish prophet, Isaiah said as he was inspired by God—"Declares the Lord"—Chapter 55-1. "Come, all you who are thirsty, come to the water, and you who have no money, come, buy and eat!" Vs. 6. "Seek the Lord while He may be found, call on Him while He is near." Vs. 7. "Let the wicked forsake his way and the evil man his thoughts."

Vs. 9. "As the heavens are higher than the earth, so are my ways higher than your ways and my thoughts higher than your thoughts." To read the rest of the Chapter will bring forth a sense of peace and warmth that only Christ can give.

Committees—religious, ecclesiastical bodies of the World even today often formulate such treatise of unknown facts—of worldly confusion as the rabbis taught—"they bring no rest to the soul"—over

Mr. and Mrs. Randy Chretien, Bangor, were guests last week of his parents, Mr. and Mrs. Don Chretien. Jeffrey, who had spent five weeks with his grandparents, returned home to Bangor and Jeremy is now visiting here. Joey Chretien of Gray, is also spending this week with his grandparents.

laid the divine law with human traditions until we can hardly name and list the laws and rules much less keep them — as Peter confessed "It was a yoke that neither we nor our fathers have been able to bear." Acts 15:10. It is being repeated today.

Men of God—having felt the touch of the Saviors hand—whose lives are truly dedicated to Christ, bring truths as the Holy Spirit teaches—imparting wisdom, as we individually commune with Christ—quietly and prayerfully.

flexible, . . . and ridiculous. In short, if I had known before hand what kind of special interest preceded the "competition" I wouldn't have bothered hauling a truckload of equipment up from Portland.

The other point I want to make is that the prize of five hours of recording time in his state-of-the-art studio is extremely generous of Mr. St. Pierre. It seems a shame that it will be non-original material, (i. e., a commercial waste for him), that he'll be recording.

Yours truly,
Paul Farrar

A Reminder to Whom It May Concern!

The Legislature in Augusta has just recently passed a bill banning the drinking of liquors in public. Is not Bethel a part of the State of Maine? Why are citizens, be they young or old, allowed to do this in our town?

MUSIC FOR BRASS & ORGAN AT CONGREGATIONAL CHURCH SUNDAY EVENING, JULY 26

Music for Brass and Organ will be featured Sunday evening at the Congregational Church in a program beginning at 7:00. Fr. David Gallagher of Lynn, Mass., will lead the group, which has previously performed at the Hammond Castle in Gloucester and the Methuen Music Hall in Methuen, Mass., as well as giving four concerts for

the Historical Society in Farmington, Maine. The concert is sponsored by the Greater Lynn Council of Churches in connection with Camp Ne-Kan-Dah (formerly Camp Nygren) in Albany, Maine, and will include music by Bach, Campra, and Peeters, among others. The public is invited to come and enjoy this program Sunday evening, July 26, at West Parish Congregational Church.

FIRST MOLLYCOKETT TERMED SUCCESSFUL

A very successful Western Maine Music Festival, held as part of Mollycokett Day activities, drew a large number of entrants and provided an enjoyable addition to the days program. In spite of stormy weather Saturday afternoon and evening, the competition continued

under the tent on the Common with the following results:

First place for instrumental performance went to Mainstream, a group of local high school students; second was Dick Hanes, Classic Blue Grass; and in third place was The Crayons, a Pop Rock Group. Judged best in the vocal category was Jerry Evans, with Mainstream and Joseph Perham, close second and third. Chosen as best overall was Mainstream. Their prize was a trophy and a five hour recording session at Outlook Studio in Bethel, Placing second, Jerry Evans, received a trophy and a two hour recording session at the same studio. Judging was accomplished by polling the audience following each performance.

The Bethel Rotary Club sponsors of this event, was pleased with the response from participants and viewers, and plans to conduct a similar festival next summer on Mollycokett Day.

— Mrs. Colista Morgan, Corres. —

One of the loveliest gardens that I know is along a country road. Few people who pass think of it as a garden. We find the pussy willows and the shad bush playing in the wind starting in early spring. The yellow marsh marigolds brighten their corners, and attract the exotic green dragonflies. And of course the skunk cabbage mustn't be forgotten in the wet soil in woods and openings. All of those are now gone.

But this week as I walked such a road in the wind swept valley filled with sunshine I observed the garden of summer. This is the time of the rejuvenation of the earth. Now is the time of little things: little rabbits, young woodchucks feeding in the meadows, sprouts of trees reaching skyward, and baby birds. Everything shifts into high gear. July always looks backward and forward; forward to fall and backward to spring.

Along the trail today I noticed the changes. The flat masses of the yarrow were turning to a tarnished white. Brown eyed Susans and Queen Anne's lace had reached the height of their blooming. Blossoms are now becoming seeds or fruit. Eggs are birds, robins, warblers, and others.

An old apple tree which for so many, many years stood by the Spring Road had fallen. In its long life it had endured blizzards and storms of winter. Its twisted limbs were weakened by work of insects, fungus, and moisture, until they sapped its strength and it came to earth.

My journey through the Spring Road and woods to the fields showed many things of nature. At the base of a large tree I found a flat mushroom, resembling a pancake which had been browned in a skillet, and ready to serve.

I stopped for a time between spreading clumps of jumpers that made me think of large green bowls filled with nuts for the centers held dry leaves carried on the winds of last fall.

As I sat here, my entertainment was my sense of hearing: near sounds, a thrush, the chatter of a squirrel, intermediate sounds; the boat in the pond, the screaming of a kingbird, the far away sounds; a dog barking, the field machines at work and the remote bawl of a cow.

Scattered through the woods and over the fields were boulders, like gray cattle sleeping among the ferns and the grass. How long their sleep! Here since the retreat of the glaciers.

Down through the field toward home, as I looked toward my feet, my eyes were caught by a hundred tiny movements. Insects, the most of which were tiny crickets. Were they preparing for a fall orchestra a little later?

Down the Bulldozer Road and home I went, where I saw my flowers in many colors: purple,

COBB - BILLINGS

The Bethel Church of the Nazarene was the setting of a beautiful wedding July 4, 1981, when Ms. Lorene Dorothy Adams Billings became the bride of Preston Walter Cobb.

Rev. Barry Beverage performed the double ring ceremony followed by a candlelighting ceremony and altar prayer by the young couple.

The bride, given in marriage by her step-father, Bernard Hutchins of East Andover, wore a long ivory satin gown with long cuffed sleeves, peter pan collar, peplum at the waist and a short train. Her tulle and lace shoulder length veil fell from a headpiece of white fabric flowers. She carried a white lace-covered Bible and a bridal bouquet of red and white rosebuds and white baby's breath.

Mrs. Frances Adams of Sweden, sister-in-law of the bride, who served as matron of honor, wore a long red satin gown with white lace trim at the neckline, yoke and ends of the long sleeves. She also wore a white picture hat with scalloped brim trimmed with a band of red satin and a white rose at the center back. She carried a single white carnation and baby's breath tied with blue ribbon streamers.

Miss June Goodwin, of East Andover, friend of the bride, who served as bridesmaid, wore a long gown of powder blue polyester and lace with blue and white lace trim at the neckline, empire waistline and sleeves. She also wore a white picture hat with scalloped brim banded with a powder blue satin ribbon and a white rose at the center back. She carried a single white carnation and baby's breath tied with red ribbon streamers.

Charles Mason III of Bethel served as best man. Gregory Adams of Sweden and Terrance Adams of Lovell, brother and step-brother of the bride, served as ushers. All three wore navy blue suits, white shirts and ties with a white carnation boutonniere.

The groom wore a suit of light gray-blue, red shirt, white tie,

Mr. and Mrs. Dwight Grover with several members of their family were at Chatham, Mass., for the week end to visit Mary's sister-in-law and family.

Robert Harriman and friend of Agawam, Mass., visited his mother, Hallie Harriman, Saturday and Sunday.

Elizabeth Stearns visited Minerva and Russell Dudley at the Bridgton hospital Saturday and found Minerva greatly improved. Russell was scheduled to have surgery early this week.

Harry Andrewes of North Lovell visited his son, Lee, and family, at Dannemora, N. Y., over the week end.

North Paris**Eveline Barrett, Corres.**

The supper at the Community Hall was another good gathering with plenty of good pork and beans with the usual salads, scallops and pies also hot yeast rolls.

A heavy-thunderstorm came along and the food was ready so we ate a few minutes early. Several newcomers were welcomed. We are grateful to all the cooks and the diners. It's good to gather and visit and eat.

The several showers during the week helped the gardens.

Doris Lawrence, Eveline Barrett, Joe Vatcher and nephew, David Anderson, went blueberrying and such berries. It was a new experience and we enjoyed every bit of it. The bushes were five and six feet tall and just loaded with dark blueberries, and did they taste good? (When no one was looking I ate some big ones.) It looked like the Oxford County fair grounds to see so many cars and people all in one place before 8 a. m.

Callers at Lawrence's: Joe, Laura Kalinowski, Margaret Stevens, Barbara Knightly, Joe Vatcher, Eveline Barrett, David Anderson, Charlie Lozier, Wilbur Lawrence, Gorham, N. H., Susan Lyons, Mr. and Mrs. Albert Penley, Sr., grandson Dougie, Norman Abbott.

Due to the expanding number of new clients on the rural mail routes, the Postmistress, Joan Young, has issued new box numbers to be put onto the mail box's end.

Mr. and Mrs. Fred Oja cared for their two grandchildren on the week end.

Sunday River**Jeannine Fleet, Corres.**

Mrs. Mary Morin attended a craft and horse show in Lewiston last week end.

Mr. and Mrs. Steve Verrill and family of Concord, Mass., were at the Verrill cottage for the week end.

Mr. and Mrs. David Fleet went with her mother, Isabelle Rolfe, to Hope, to visit some relatives and to pick a few blueberries. The berries aren't quite ready yet.

Quite a few from the river attended Mollycodd Day in Bethel. There was some disappointment as there was no woodsmen events.

Mrs. Mary Morin was in Portland to the doctor's on Saturday morning.

Mrs. Rita Laurinatis and family called on her mother, Mary Morin, Sunday.

Parker Daye of Englishtown, N. J., was at Ed Daye's for a few days.

Lina Reynolds is home from Florida for a visit and staying with Mr. and Mrs. Ed Daye.

Sent in by Eva Yates:

A dark cloudy morning, looks and feels like rain. But that we can use. The Go Shoes took things easy all week and hung on the hook until Friday. Then they were getting uneasy so went to town.

Saturday was the big Mollycodd Day so away we went but only for a part of the day. Met several friends I only see one in a while. One I was extra glad to see was my "Daisy May." She was just as pretty as always and one other was a neighbor of years past, Lina Reynolds. The parade was good—the hot dogs (both the cooked and the 4-legged ones) were good and the chicken dinner was good too. A shower in the p. m. put a little damper on the affair.

After 5 p. m. the Go Shoes went to Rumford Grange for a supper and a nice meeting. Then Sunday the day of rest, Joe, Peggy, and the Go Shoes joined Laura Hutchins and went to a lovely camp on Kyes Pond in Sweden and had a picnic lunch and all the other joys of camping. Mr. and Mrs. Gregory Adams joined us there and little Robbie Adams returned home with them after four days visit with Gram Laura. A phone call last night from Tom Yates saying the spare time of people in Golden, Colo., is spent trying to get rid of grasshoppers. He sends his best to all his friends and relatives.

Laura Hutchins and Robert Adams spent Saturday afternoon with Eva and Joe Yates.

Verna Swan of Bryant Pond visited Eva Wednesday night while

MOLLYOCKETT DAY

continued from Page One
well as other entrants, with rider on horseback the final unit in the line of march.

The Bethel Inn entry was the winner in the float competition, with Groan and McGunn, second, and third prize going to the World War I Barracks and Auxiliary.

Presiding over the day's events as Princess Mollyockett was Melinda Mason, daughter of Mr. and Mrs. Charles Mason Jr., of North-west Bethel.

Following the parade the booths, arts and crafts displays, games and food service were in full swing on the Common.

There was an art exhibit on the lawn of the Bethel Library with local artists displaying and offering their work for sale with proceeds benefitting the Library Association. A used book sale was also conducted by the Library.

At 12 o'clock the Bethel Rotary Club started serving barbecued chicken and reported sales of over 400 meals during the day. The Rotary auction got underway at one o'clock with twin brothers Stef and Steve Keenan of Kingfield acting as auctioneers.

As the day progressed towards mid-afternoon with a good crowd attending, darkening skies brought a downpour with the crowd scattering to seek shelter. Many found refuge from the elements under booth canopies and in the large tents. At least three people felt the effects of electric shock as lightning hit a nearby tree.

As the afternoon wore on the sun re-appeared and activities resumed.

At the Bethel Inn all day open 9-hole golf tournament, Bruce Buckland scored 37 low gross; Charlie Hurd, 38-33 low net; Jim Lunney, 48-34 low net; Jim Morin, 41-34 low net.

The Western Maine Music Festival sponsored by the Rotary Club was held from late afternoon until about 11 o'clock (see separate article).

275,000 gallons in exchange for an 8,000 gallon fuel tank and fuel pump. Since the district has implemented a change to diesel powered units for a portion of its transportation fleet, 275,000 gallons has not been used in five years. Because of this the contract will extend into mid-fiscal year 1982. At that time the fuel contract will be put out to bid. Dr. Gersen also noted that S. A. D. #44 is now a participant in the Tree Farm Program as a result of the effort of the Forestry Program of NOVA.

Stipends for teaching principals were approved by the directors.

The superintendent was authorized to negotiate with Oxford County Community Services for the construction of a solar greenhouse at the Telstar site. S. A. D. #44 was one of three Oxford County Districts to apply to O. C. C. S. to have a solar greenhouse built on their property. The location of the greenhouse and its exterior finish is to be worked through the district's Building and Grounds Committee. The greenhouse is to be integrated into the curriculum at Telstar Middle School and Telstar Regional High School. At least 51% of the seedlings produced at the greenhouse are to be distributed to identified needy persons, preferably among the low-income elderly.
